Certified Robotics Instructor(s)

Celebrate “African American History Month”, Promoting “National Engineer Week”

During African American History Month, American Engineering and Science Robotics Academy is putting a focus on Science, Technology, Engineering and Math (STEM), by celebrating National Engineers Week, February 16-22, 2014. National Engineers Week is dedicated to ensuring a diverse and well-educated future engineering workforce by increasing understanding of and interest in engineering and technology careers.

American Engineering and Science Robotics Academy mission is developing the next generation of real world problem solvers, Engineers and Scientists. Underserved and underrepresented, K-12, youth, of minority communities are exposed to hands-on engineering and scientific activities. National Engineer Week events, promotes community awareness, and motivates youth, to pursue engineering careers in order to provide a diverse and vigorous engineering workforce.

Robotics Academy 2014 National Engineer Week Events

- Robotics Engineering for adult community members- February 18 & 19 2014, Atlantic Cape Community College - Charles Worthington Campus 1535 Bacharach Blvd, Atlantic City NJ
- Mother Daughter TEA (Technical Engineering Aptitude) – February 22 2014 Atlantic Cape Community College - Charles Worthington Campus 1535 Bacharach Blvd, Atlantic City NJ

For Information Contact: Dr. Basilyn D Bunting, 609-287-5690 * basilynbunting@americanengineering.org

National Engineer Week Sponsors are dedicated to raising public awareness of engineering careers, and the positive contributions engineers make to the economic quality of American life.
